

User Registration using AJAX and localStorage

Problem Statement: Write a JavaScript program to get user registration data and store it in localStorage using AJAX POST method.

HTML Code

```
<!DOCTYPE html>
<html>

<head>

    <title>User Registration</title>

    <script src="https://code.jquery.com/jquery-3.7.1.min.js"></script>

    <link rel="stylesheet" href="style.css">

</head>

<body>

<div class="container">

    <h1>User Registration Form</h1>

    <form id="myForm">

        <input type="text" id="name" placeholder="Enter Name" required>

        <br><br>

        <input type="email" id="email" placeholder="Enter Email" required>

        <br><br>

        <input type="text" id="phone" placeholder="Enter Phone" required>

        <br><br>

        <button type="submit">Register</button>

    </form>

</div>

</body>

</html>
```

CSS Code

```
body{
    font-family:Arial;
    background:#f2f2f2;
}

.container{
    width:60%;
    margin:auto;
    background:white;
}
```

```
        padding:20px;
    }

    input{
        width:100%;
        padding:10px;
    }

    button{
        width:100%;
        padding:10px;
        background:#444;
        color:white;
        border:none;
    }
}
```
